

Map and directions to Texas Instruments Germany in Freising

How to reach us

By car:

From Munich take the motorway A9 München-Nürnberg following the signs to the airport. At München-Neufahrn where the motorways cross, take the A92 in the direction of Deggendorf. Exit the motorway at Freising-Ost and turn right onto the B11, signposted Freising. Take the first right, approximately half a mile down the B11. At the first traffic lights turn left down Falkenstraße. Take the second left down Haggertystraße. TI is on your right.

Please get into the designated lane. The right lane is reserved for visitors and temporary service personnel, the middle lane is for TI employees and Service personnel with a service photo badge. Visitors are requested to drive up to the closed 'crossing barrier' in order to contact the Security Control Center via the 'Visitor Guiding System' integrated into the pillar to his left. From there the visitor will be directed to the visitor parking area located in front of each building.

By train or S-Bahn:

Freising is part of the Munich public transport system. Within 45 minutes the S-Bahn line 1 takes you from the city right to Freising station. There you can either take the bus line 622 to Haggertystraße or a taxi from the taxi rank outside the station.

By air:

Munich airport is located very close to TI. By car it takes you approximately 10 minutes to reach us (Follow signs to Freising, take the Deggendorf motorway, follow instructions above). If you need a taxi, please call our contractor Taxi Haupt at +49-(0)8161-92414.
