Ceramic, Leadless, Chip, Carrier, (LCC)

Literature Number: SNOA023
Ceramic Leadless Chip Carrier (LCC)

20 Lead Ceramic Leadless Chip Carrier, Type C
NS Package Number E20A

August 1999
20 Lead Ceramic Leadless Chip Carrier
NS Package Number EA20B
24 Lead Ceramic Leadless Chip Carrier
NS Package Number E24B

28 Lead Ceramic Leadless Chip Carrier, Type C
NS Package Number E28A
28 Lead Ceramic Leadless Chip Carrier, Dual Cavity
NS Package Number EA028C
32 Lead Ceramic Leadless Chip Carrier, Type C
NS Package Number E32A

32 Lead Ceramic Leadless Chip Carrier, Type C
NS Package Number E32B
32 Lead Ceramic Leadless Chip Carrier, Type C
NS Package Number E32C

32 Lead Ceramic Leadless Chip Carrier, Type E
NS Package Number EA32B
32 Lead Ceramic Leadless Chip Carrier, DIP
NS Package Number EA32C

40 Lead Ceramic Leadless Chip Carrier, Type C
NS Package Number E40A
44 Lead Ceramic Leadless Chip Carrier, Type C
NS Package Number E44A

48 Lead Ceramic Leadless Chip Carrier
NS Package Number EA48B

CONTROLLING DIMENSION IS INCH
VALUES IN [ ] ARE MILLIMETERS
68 Lead Ceramic Leadless Chip Carrier, Type B
NS Package Number E68B

68 Lead Ceramic Leadless Chip Carrier, Type C
NS Package Number E68C
84 Lead Ceramic Leadless Chip Carrier, Type C
NS Package Number E84A

84 Lead Ceramic Leadless Chip Carrier, Type B
NS Package Number E84B

LIFE SUPPORT POLICY

NATIONAL’S PRODUCTS ARE NOT AUTHORIZED FOR USE AS CRITICAL COMPONENTS IN LIFE SUPPORT DEVICES OR SYSTEMS WITHOUT THE EXPRESS WRITTEN APPROVAL OF THE PRESIDENT AND GENERAL COUNSEL OF NATIONAL SEMICONDUCTOR CORPORATION. As used herein:

1. Life support devices or systems are devices or systems which, (a) are intended for surgical implant into the body, or (b) support or sustain life, and whose failure to perform when properly used in accordance with instructions for use provided in the labeling, can be reasonably expected to result in a significant injury to the user.

2. A critical component is any component of a life support device or system whose failure to perform can be reasonably expected to cause the failure of the life support device or system, or to affect its safety or effectiveness.
IMPORTANT NOTICE

Texas Instruments Incorporated and its subsidiaries (TI) reserve the right to make corrections, modifications, enhancements, improvements, and other changes to its products and services at any time and to discontinue any product or service without notice. Customers should obtain the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to TI’s terms and conditions of sale supplied at the time of order acknowledgment.

TI warrants performance of its hardware products to the specifications applicable at the time of sale in accordance with TI's standard warranty. Testing and other quality control techniques are used to the extent TI deems necessary to support this warranty. Except where mandated by government requirements, testing of all parameters of each product is not necessarily performed.

TI assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using TI components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards.

TI does not warrant or represent that any license, either express or implied, is granted under any TI patent right, copyright, mask work right, or other TI intellectual property right relating to any combination, machine, or process in which TI products or services are used. Information published by TI regarding third-party products or services does not constitute a license from TI to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from TI under the patents or other intellectual property of TI.

Reproduction of TI information in TI data books or data sheets is permissible only if reproduction is without alteration and is accompanied by all associated warranties, conditions, limitations, and notices. Reproduction of this information with alteration is an unfair and deceptive business practice. TI is not responsible or liable for such altered documentation. Information of third parties may be subject to additional restrictions.

Resale of TI products or services with statements different from or beyond the parameters stated by TI for that product or service voids all express and implied warranties for the associated TI product or service and is an unfair and deceptive business practice. TI is not responsible or liable for such statements.

TI products are neither designed nor intended for use in military/aerospace applications or environments unless the TI products are specifically designated by TI as military-grade or “enhanced plastic.” Only products designated by TI as military-grade meet military specifications. TI products are neither designed nor intended for use in military applications where a failure of the TI product would reasonably be expected to cause severe personal injury or death, unless officers of the parties have executed an agreement specifically governing such use. Buyers represent that they have all necessary expertise in the safety and regulatory ramifications of their applications, and acknowledge and agree that they are solely responsible for all legal and regulatory requirements in connection with such use. TI does not warrant or represent that any license, either express or implied, is granted from TI to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of TI.

TI products are not authorized for use in safety-critical applications (such as life support) where a failure of the TI product would reasonably be expected to cause severe personal injury or death, unless officers of the parties have executed an agreement specifically governing such use. Buyers represent that they have all necessary expertise in the safety and regulatory ramifications of their applications, and acknowledge and agree that they are solely responsible for all legal and regulatory requirements in connection with such use. TI products are not authorized for use in safety-critical applications (such as life support) where a failure of the TI product would reasonably be expected to cause severe personal injury or death, unless officers of the parties have executed an agreement specifically governing such use. Buyers represent that they have all necessary expertise in the safety and regulatory ramifications of their applications, and acknowledge and agree that they are solely responsible for all legal and regulatory requirements in connection with such use.
