100VAC~240VAC

EMI Filter & Rectifier

TM-PFC Power Stage

ACF Power Stage

MOSFET CSD17575Q3

Output Port

Amplifier LMC7111

PFC Controller UCC28056

Isolator ISO7710F

SR Driver UCC24612

PD Controller

TPD1E05U06

LDO LP2981AIM5

ACF Controller UCC28780

ATL431LI

Texas Instruments and/or its licensors do not warrant the accuracy or completeness of this specification or any information contained therein. Texas Instruments and/or its licensors do not warrant that the design will meet the specifications or be suitable for your application or for any particular purpose, or will operate in an implementation. Texas Instruments and/or its licensors do not warrant that the design is production-worthy. You should complete validation and test your design implementation to confirm the system functionality for your application.
1. update L5 part number to 750344166;
2. update L1 partnumber to 7447018;
3. C79 change to 0805/0.1uF/250V;
4. Delete D28/D29/R110 for BO/SPB;
5. Change C79 to 33uF;
6. Change R97 to 51.1k and R99 to 121k;
7. Change R26 to 100k;
8. Change R84/R97/R99;
9. Change Lpfc/T1 part number;
10. Change C79 to 33nF;
11. Update L5 part number to 750344166.

Texas Instruments and/or its licensors do not warrant the accuracy or completeness of this specification or any information contained therein. Texas Instruments and/or its licensors do not assume any liability arising out of the application or use of any information or circuit contained in this document. Texas Instruments and/or its licensors do not warrant the design is production worthy. You should completely evaluate and test your design implementation to confirm the system functionality for your application.
IMPORTANT NOTICE AND DISCLAIMER

TI PROVIDES TECHNICAL AND RELIABILITY DATA (INCLUDING DATASHEETS), DESIGN RESOURCES (INCLUDING REFERENCE DESIGNS), APPLICATION OR OTHER DESIGN ADVICE, WEB TOOLS, SAFETY INFORMATION, AND OTHER RESOURCES “AS IS” AND WITH ALL FAULTS, AND DISCLAIMS ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS.

These resources are intended for skilled developers designing with TI products. You are solely responsible for (1) selecting the appropriate TI products for your application, (2) designing, validating and testing your application, and (3) ensuring your application meets applicable standards, and any other safety, security, or other requirements. These resources are subject to change without notice. TI grants you permission to use these resources only for development of an application that uses the TI products described in the resource. Other reproduction and display of these resources is prohibited. No license is granted to any other TI intellectual property right or to any third party intellectual property right. TI disclaims responsibility for, and you will fully indemnify TI and its representatives against, any claims, damages, costs, losses, and liabilities arising out of your use of these resources.

TI’s products are provided subject to TI’s Terms of Sale (www.ti.com/legal/termsofsale.html) or other applicable terms available either on ti.com or provided in conjunction with such TI products. TI’s provision of these resources does not expand or otherwise alter TI’s applicable warranties or warranty disclaimers for TI products.
