

# Student Attendance Monitoring System using Voice Analysis & RFID

## RFID Technology

## Voice Feature Extractor

## Various Components used

- >> TRF7960 EVM
- >> TAG-IT RFID INLAYS

## Plot

- >> A person's voice imprint is generated
- >> His voice identity is verified
- >> If verified, Attendance is updated in database

## Key Features:

- >> Unique Voice Identity
- >> Integration with RFID System
- >> Data Security
- >> Low Power Consumption

## CMRIT, Bangalore

**DEPARTMENT**  
Electronics and Communication Engineering

### NAME OF STUDENT MEMBERS:

Shobhit Mathur  
Shuaib Ahmad Salman  
Syed Azam Naushad

### NAME OF FACULTY ADVISOR:

Sharmila K P
