Texas Instruments
U.S. Government Terms and Conditions Addendum

1. Definitions. Where appropriate in the clauses that follow, "Government" or "Contracting Officer" shall mean "TI" and "Contractor" shall mean "Seller." The terms "Government" or "Contracting Officer" do not change: (i) when a right, act, authorization, or obligation can be granted or performed only the Government, (ii) when access to proprietary financial information or other proprietary data is required, (iii) when title to property is to be transferred directly to Government.

2. Applicability. The following U.S. Government terms or clauses in FAR Subpart 52.2 and DFARS Subpart 252.2 are incorporated by reference, with the same force and effect as if they were given in full text, unless otherwise noted. The full text of a clause may be accessed electronically at www.acquisition.gov. If any of the following FAR or DFARS clauses are not applicable due to monetary threshold, place of performance, type of effort or contract, then such clauses shall be treated as "self-deleting".

When a value (e.g., >$150k) is identified, the relevant clause becomes applicable when the subcontract ceiling value (to include all options) exceeds the applicable values at the time of award or after modification unless otherwise specified. Note: References to parenthetical values are provided for convenience only; applicability will be determined by the value specified in the relevant FAR clause. Note: References to "SAT'' refers to the "Simplified Acquisition Threshold" as defined by FAR 2.101 and will be the threshold that is current on the date of the Subcontract award.

Section I. FAR Clauses Applicable to Orders for Non-Commercial Products or Services	
Clause	**Title**
