Date: 12/05/2011						
<b>PMP7316_REVA_BOM</b>						
COUNT	RefDes	Value	Description	Size	Part Number	MFR
1	C11	Open	Capacitor, Ceramic, 25V, NPO, [tol]	0402	STD	
1	C12	1 uF	Capacitor, Ceramic, 16V, X7R	0603	STD	STD
1	C13	1 uF	Capacitor, Ceramic, 50V, X7R	1206	STD	STD
1	C14	3300pF	Capacitor, Ceramic, 25V, NPO, [tol]	0402	STD	
1	C15	0.1uF	Capacitor, Ceramic, 16V, X5R, 20%	0402	STD	STD
1	C29	220pF	CAP CER 220PF 250VAC X1Y2 RAD	7.00 Dia mm	CS70-B2GA221KYNS	TDK
1	C6	0.01 uF	Capacitor, Ceramic, 25V, X7R, 20%	0402	STD	
2	C9-10	2.2uF	Capacitor, Ceramic, 25V, X7R, 20%	0805	STD	TDK
1	D3	MBRM3100	Diode, Schottky, 3A, 100V	SMB	MBRS240LT3	Motorola
1	D7	MMSD914T1	Diode, Switching, 100-V, 200-mA, 225-mW,	SOD-123	MMSD914T1	On Semi
2	J1-2	ED555/2DS	Terminal Block, 2-pin, 6-A, 3.5mm	0.27 x 0.25 inch	ED555/2DS	OST
1	R1	10K	Resistor, Metal Film, 1/4 watt, ± 5%	1206	Std	Std
1	R10	110K	Resistor, Chip, 1/16W	0402	Std	Std
2	R11 R13	12.4K	Resistor, Chip, 1/16W	0402	Std	Std
1	R12	137K	Resistor, Chip, 1/16W	0402	Std	Std
1	R14	499K	Resistor, Chip, 1/16W	0402	Std	Std
1	R15	49.9K	Resistor, Chip, 1/16W	0402	Std	Std
1	R16	49.9	Resistor, Chip, 1/16W	0402	Std	Std
1	T1	150 uH	Transformer, Flyback	0.365x0.373 inch	RLTI-1046	Renco
4	TP1 TP4 TP8-9	5000	Test Point, Red, Thru Hole Color Keyed	0.100 x 0.100 inch	5000	Keystone
3	TP2 TP5 TP11	5001	Test Point, Black, Thru Hole Color Keyed	0.100 x 0.100 inch	5001	Keystone
1	U2	LM5017SD	IC, 100 V, 600 mA Constant On -Time Synchronous Buck Regulator	LLP-8	LM5017SD	TI
Notes:	1. These assemblies are ESD sensitive, ESD precautions shall be observed.					
	2. These assemblies must be clean and free from flux and all contaminants. Use of no clean flux is not acceptable.					
	3. These assemblies must comply with workmanship standards IPC-A-610 Class 2.					
	4. Ref designators marked with an asterisk (***) cannot be substituted.					
	All other components can be substituted with equivalent MFG's components.					

## IMPORTANT NOTICE

Texas Instruments Incorporated and its subsidiaries (TI) reserve the right to make corrections, modifications, enhancements, improvements, and other changes to its products and services at any time and to discontinue any product or service without notice. Customers should obtain the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to TI's terms and conditions of sale supplied at the time of order acknowledgment.

TI warrants performance of its hardware products to the specifications applicable at the time of sale in accordance with TI's standard warranty. Testing and other quality control techniques are used to the extent TI deems necessary to support this warranty. Except where mandated by government requirements, testing of all parameters of each product is not necessarily performed.

TI assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using TI components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards.

TI does not warrant or represent that any license, either express or implied, is granted under any TI patent right, copyright, mask work right, or other TI intellectual property right relating to any combination, machine, or process in which TI products or services are used. Information published by TI regarding third-party products or services does not constitute a license from TI to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from TI under the patents or other intellectual property of TI.

Reproduction of TI information in TI data books or data sheets is permissible only if reproduction is without alteration and is accompanied by all associated warranties, conditions, limitations, and notices. Reproduction of this information with alteration is an unfair and deceptive business practice. TI is not responsible or liable for such altered documentation. Information of third parties may be subject to additional restrictions.

Resale of TI products or services with statements different from or beyond the parameters stated by TI for that product or service voids all express and any implied warranties for the associated TI product or service and is an unfair and deceptive business practice. TI is not responsible or liable for any such statements.

TI products are not authorized for use in safety-critical applications (such as life support) where a failure of the TI product would reasonably be expected to cause severe personal injury or death, unless officers of the parties have executed an agreement specifically governing such use. Buyers represent that they have all necessary expertise in the safety and regulatory ramifications of their applications, and acknowledge and agree that they are solely responsible for all legal, regulatory and safety-related requirements concerning their products and any use of TI products in such safety-critical applications, notwithstanding any applications-related information or support that may be provided by TI. Further, Buyers must fully indemnify TI and its representatives against any damages arising out of the use of TI products in such safety-critical applications.

TI products are neither designed nor intended for use in military/aerospace applications or environments unless the TI products are specifically designated by TI as military-grade or "enhanced plastic." Only products designated by TI as military-grade meet military specifications. Buyers acknowledge and agree that any such use of TI products which TI has not designated as military-grade is solely at the Buyer's risk, and that they are solely responsible for compliance with all legal and regulatory requirements in connection with such use.

TI products are neither designed nor intended for use in automotive applications or environments unless the specific TI products are designated by TI as compliant with ISO/TS 16949 requirements. Buyers acknowledge and agree that, if they use any non-designated products in automotive applications, TI will not be responsible for any failure to meet such requirements.
