

Texas Instruments Engineering Material Samples versus MIL-PRF-38535 QML Class V Processing

These units are intended for engineering evaluation only. They are processed to a non-compliant flow (such as no burn-in and only 25°C testing). These units are not suitable for qualification, production, radiation testing, or flight use. Parts are not warranted as to performance over temperature or operating life.

Processing Step		MIL-PRF-38535 QML Class V	Engineering Material Samples
Qualified Production Facilities and Material Set	QML V Qualified Die and Wafer Fab	Yes	Contact TI for additional details
	QML V Qualified Assembly Site	Yes	Contact TI for additional details
	Qualified Hermetic Package With Class V Material Set (Die Attach, Bondwire, Lid Seal)	Yes	Contact TI for additional details
Wafer Lot Acceptance		Yes	Optional
Pre-Seal Visual Inspection – Condition A		100% at 100X and 40X	No
Pre-Seal Visual Lot Acceptance – Condition A		45(0) at 100X and 40X	40X only
Temperature Cycle		Yes	No
Centrifuge		Yes	No
Particle Impact Noise Detection (PIND)		Yes	No
X-Ray (Radiography)		Yes	No
Pre Burn-in +25°C Electrical Test		Yes	No
Burn-In +125°C for 240 Hours or equivalent		Yes	No
+25°C Electrical Test		Yes	Yes
PDA Calculations		Yes	No
+25°C Group A Lot Acceptance		116(0)	No
+125°C Electrical Test		Yes	No
+125°C Group A Lot Acceptance		116(0)	No
-55°C Electrical Test		Yes	No
-55°C Group A Lot Acceptance		116(0)	No
Hermeticity – Fine Leak		Yes	Yes
Hermeticity – Gross Leak		Yes	Yes
External Visual Inspection		Yes	No
External Visual Lot Acceptance		45(0)	45(0)
Quality Conformance Inspection		Yes	No
Processing Conformance Report / QCI Summaries		Yes	No

THIS INFORMATION IS PROVIDED STRICTLY "AS IS." TI warrants that its products conform to the official published Specifications for such products, in accordance with TI's Terms of Sale at the following link: www.ti.com/termsofsale Use of TI products outside limits stated in those Specifications is entirely at the customer's risk, and will void the warranty if such misuse causes the part not to work. This information could change without notice. TI makes no warranties and assumes no liability for applications assistance or customer product design. Customers are solely responsible to conduct sufficient engineering and additional qualification testing to determine whether a candidate device is suitable for use in their applications.

IMPORTANT NOTICE AND DISCLAIMER

TI PROVIDES TECHNICAL AND RELIABILITY DATA (INCLUDING DATA SHEETS), DESIGN RESOURCES (INCLUDING REFERENCE DESIGNS), APPLICATION OR OTHER DESIGN ADVICE, WEB TOOLS, SAFETY INFORMATION, AND OTHER RESOURCES "AS IS" AND WITH ALL FAULTS, AND DISCLAIMS ALL WARRANTIES, EXPRESS AND IMPLIED, INCLUDING WITHOUT LIMITATION ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR NON-INFRINGEMENT OF THIRD PARTY INTELLECTUAL PROPERTY RIGHTS.

These resources are intended for skilled developers designing with TI products. You are solely responsible for (1) selecting the appropriate TI products for your application, (2) designing, validating and testing your application, and (3) ensuring your application meets applicable standards, and any other safety, security, regulatory or other requirements.

These resources are subject to change without notice. TI grants you permission to use these resources only for development of an application that uses the TI products described in the resource. Other reproduction and display of these resources is prohibited. No license is granted to any other TI intellectual property right or to any third party intellectual property right. TI disclaims responsibility for, and you will fully indemnify TI and its representatives against, any claims, damages, costs, losses, and liabilities arising out of your use of these resources.

TI's products are provided subject to [TI's Terms of Sale](#) or other applicable terms available either on [ti.com](https://www.ti.com) or provided in conjunction with such TI products. TI's provision of these resources does not expand or otherwise alter TI's applicable warranties or warranty disclaimers for TI products.

TI objects to and rejects any additional or different terms you may have proposed.
