Here you have two choices:

- A] If you are a first time user, follow the directions starting on page 2.
- B] If you are already registered, follow the directions starting on page 4.

Both of these paths will eventually lead you to the Welcome page starting on page 5.

NOTE: There will be a “[Need Support](#)” link at the bottom of every page. Using this link will take you to a list of frequently asked questions and also allow you to email a question to the support staff. The support staff is available to answer questions via email Monday – Friday, 8:30 AM – 5:30 PM Eastern Time. They will answer your email in the order in which they are received.

Proposal Welcome Text

Welcome, Susan Smith!

The organization you are currently associated with is cybergrants test.

If you work with multiple organizations, [click here to add a new organization to your account.](#)

The Apply Online grant application consists of three main sections, each of which must be completed for your proposal to be considered.

1. Contact information pertaining to your organization.
2. Basic information pertaining to your organization.
3. The proposal your organization is submitting for approval.

Once completed, all applications created in Apply Online are immediately submitted to Texas Instruments.

We recommend that you [familiarize yourself with the online application](#) before you begin.

- To create a new application, click the "Start a New Application" link at the bottom of this page. You may also save your applications now and return to work on them later.
- To continue work on an unsubmitted application, click the "Continue" link next to the application's Project Title.
- To view an application previously submitted to Texas Instruments, click the "View" link next to the appropriate Project Title.

TO RETURN DIRECTLY TO YOUR SAVED APPLICATION, type the following link in your browser's address bar to access the login screen directly:

Once you have completed all the questions click the 'SAVE AND PROCEED' button at the bottom of the screen to move to the next section called 'REVIEW YOUR APPLICATION'.

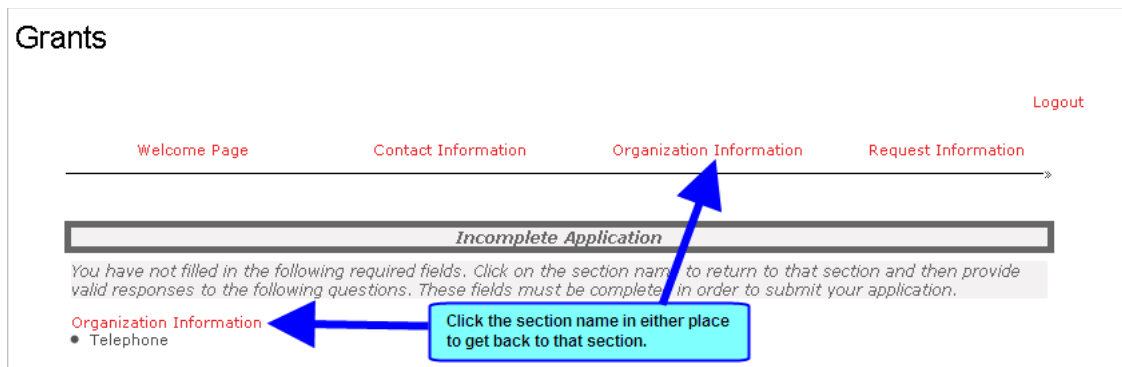

Because you may use the timeline shown at the top of every screen to jump between screens and answer the questions, the system double checks all required fields before allowing you to get to the review screen. Two things can happen depending upon whether or not all required fields were completed. The two scenarios are described below.

❖ IF REQUIRED FIELDS NOT COMPLETED

If there are required fields that have not been filled in, you will be shown a screen that lists the section name(s) and the field name(s) that must be completed.

Clicking on the section name located in either the timeline (at top) or in the message area (at bottom) will take you back to that screen where you must complete the required field(s). Then you will need to either click save and proceed on each screen until you get to the review screen or you may click on the last section in the timeline at the top of the screen and then click Save and Proceed in that last section which will take you back to the Review screen.

In the example below, one field that was not completed called "Telephone", located in the section called "Organization Information". (See blue arrows in screenshot below which show the two areas where you may click to go back to the section to complete the field).

❖ IF ALL REQUIRED FIELDS COMPLETED

If all the required fields are complete, you will be taken directly to the 'REVIEW YOUR APPLICATION' screen shown over the next two screenshots.

The Review Your Application screen shows all the answers for the entire application in read-only format so you may double check them. (All questions for both Education and non-Education grants are displayed.) You only need to be concerned with the questions and answers related to your request.) If you wish to modify any answer, simply click on the section heading (i.e. ORGANIZATION INFORMATION , REQUEST INFORMATION) for that question, and the system will take you back to that screen where you can make your changes and save them. Then you will need to either click 'SAVE' and proceed on each screen until you get to the review screen or you may click on the last section in the timeline at the top of the screen and then click 'SAVE and PROCEED' which will take you back to the Review screen.

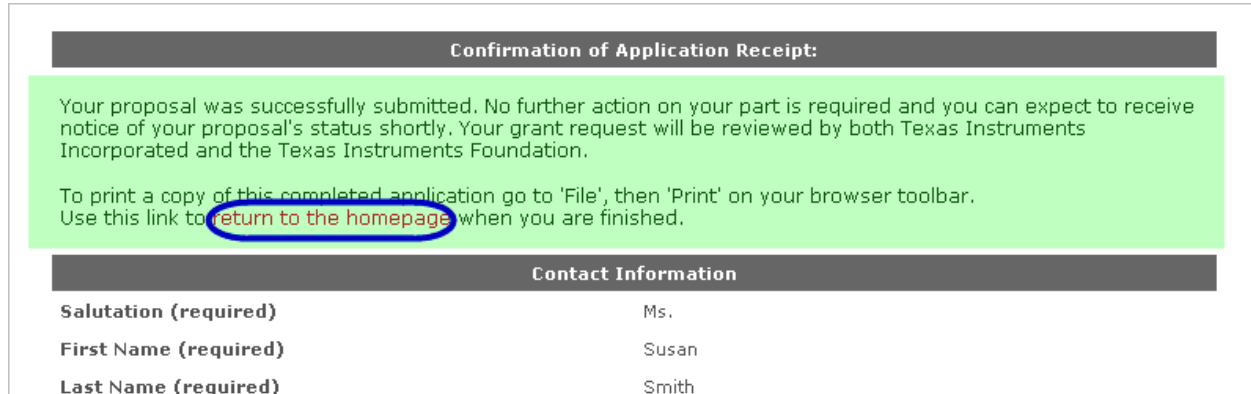

At the bottom of the review screen are two buttons, 'SUBMIT' and 'SAVE ONLY'. Each is described below.

SUBMIT – clicking this will send your application to Texas Instruments for review. When you click the submit button, the pop up shown below will display to let you know you will not be able to modify the application if you continue with the submission.

Clicking the “OK” button submits your application. The “CANCEL” button takes you back to the review screen without submitting the application to Texas Instruments.

Once you have submitted the application, the screen will refresh, and you will see a message displayed at the top. (See green highlighted area in screenshot below).

You may print this confirmation page for your records by going to the browser’s menu bar and printing (i.e. in Internet Explorer & Firefox you would go to ‘File’ then the ‘Print’ option beneath it).

SAVE ONLY – this does NOT submit the application to Texas Instruments but allows you to return later to submit the application or make changes before submission.

If you click the save only button, you are taken back to the Welcome page where you will now see the application you have worked on under the heading called “Applications Requiring Action”. When you want to continue working on the application or you want to submit it, you must click the ‘Continue’ link to the left of the project title (see green circle in screenshot below). You will then be able to navigate through the screens via the timeline or by clicking Save and Proceed at the bottom of each screen.

The screenshot shows a navigation bar with four items: 'Welcome Page', 'Contact Information', 'Organization Information', and 'Request Information'. Below this is a table titled 'Applications Requiring Action' with columns for Action, Project Title, Application Date, and Application Amount. A row shows 'Continue' (circled in red) for 'Grant Application test app' with a trash icon, dated 11/25/2011, and an amount of \$0.00. Below this is a table titled 'Submitted Applications' with the same columns. A row shows 'View' (circled in blue) for 'test grant application', dated 11/25/2011, and an amount of \$1.11. At the bottom, there is a button '» Start a New Application «' and a link 'Need Support?'.

NOTE: To see or print out an application that you have submitted, go to the Welcome page and near the bottom under the section called “Submitted Applications” you will see the application you have submitted to Texas Instruments. To see the details or print out a copy of the completed application click on the ‘View’ link (see blue circle in screenshot above). This will take you to a read-only screen just like the Review application page where you may print by going to the browser’s menu bar and printing (i.e. in Internet Explorer you would go to ‘File’ then the ‘Print’ option beneath it).

To Work on an Application that was started but Not Submitted:

Next time you want to work on an application you will use the same URL to get to the login screen. There you will enter your login information and invitation code and click the login button.

On the Welcome page you may work on an application that you started previously but have not yet submitted by going to the portlet with the heading of “APPLICATIONS REQUIRING ACTION “ and clicking the ‘Continue’” link next to the application you wish to complete. Once in the application you will go from screen to screen and submit as described previously in this document.

This is a close-up of the 'Applications Requiring Action' table from the screenshot above. The 'Continue' link in the Action column is circled in red.

These resources are intended for skilled developers designing with TI products. You are solely responsible for (1) selecting the appropriate TI products for your application, (2) designing, validating and testing your application, and (3) ensuring your application meets applicable standards, and any other safety, security, or other requirements. These resources are subject to change without notice. TI grants you permission to use these resources only for development of an application that uses the TI products described in the resource. Other reproduction and display of these resources is prohibited. No license is granted to any other TI intellectual property right or to any third party intellectual property right. TI disclaims responsibility for, and you will fully indemnify TI and its representatives against, any claims, damages, costs, losses, and liabilities arising out of your use of these resources.

TI's products are provided subject to TI's Terms of Sale (www.ti.com/legal/termsofsale.html) or other applicable terms available either on ti.com or provided in conjunction with such TI products. TI's provision of these resources does not expand or otherwise alter TI's applicable warranties or warranty disclaimers for TI products.
