

3-View Component Mechanical Drawing

Units are in inches unless otherwise stated

Base Material: Laser cut acrylic, gloss black, 1.5mm thick sheet stock, REACH compliant  
Example sheet stock: Plaskolite OPTIX gloss black acrylic sheet, PN ACRY20250.060PM24X48, available from Ridout Plastics

Adhesive Backing: 3M 468MP 2-sided adhesive, cut to same pattern as base material

Scale: 1:1

Overlay Mechanical Drawing

Part: MCH036

Revision: A (3-AUG-2018)

Texas Instruments, Inc.

Drawn By: W. Schnoor

Manufacturing Instructions

- The overlay for the CAPTIVATE-BSWP consists of a 1.5mm thick, black acrylic thermoplastic with 3M 468MP 2-sided adhesive on the bottom side, applied over the entire overlay material

See stack drawing to the right. Detailed assembly information may be found in the PCB assembly drawing.
